DAO UNIVERSE

WHAT IS CLUB DAO UNIVERSE?

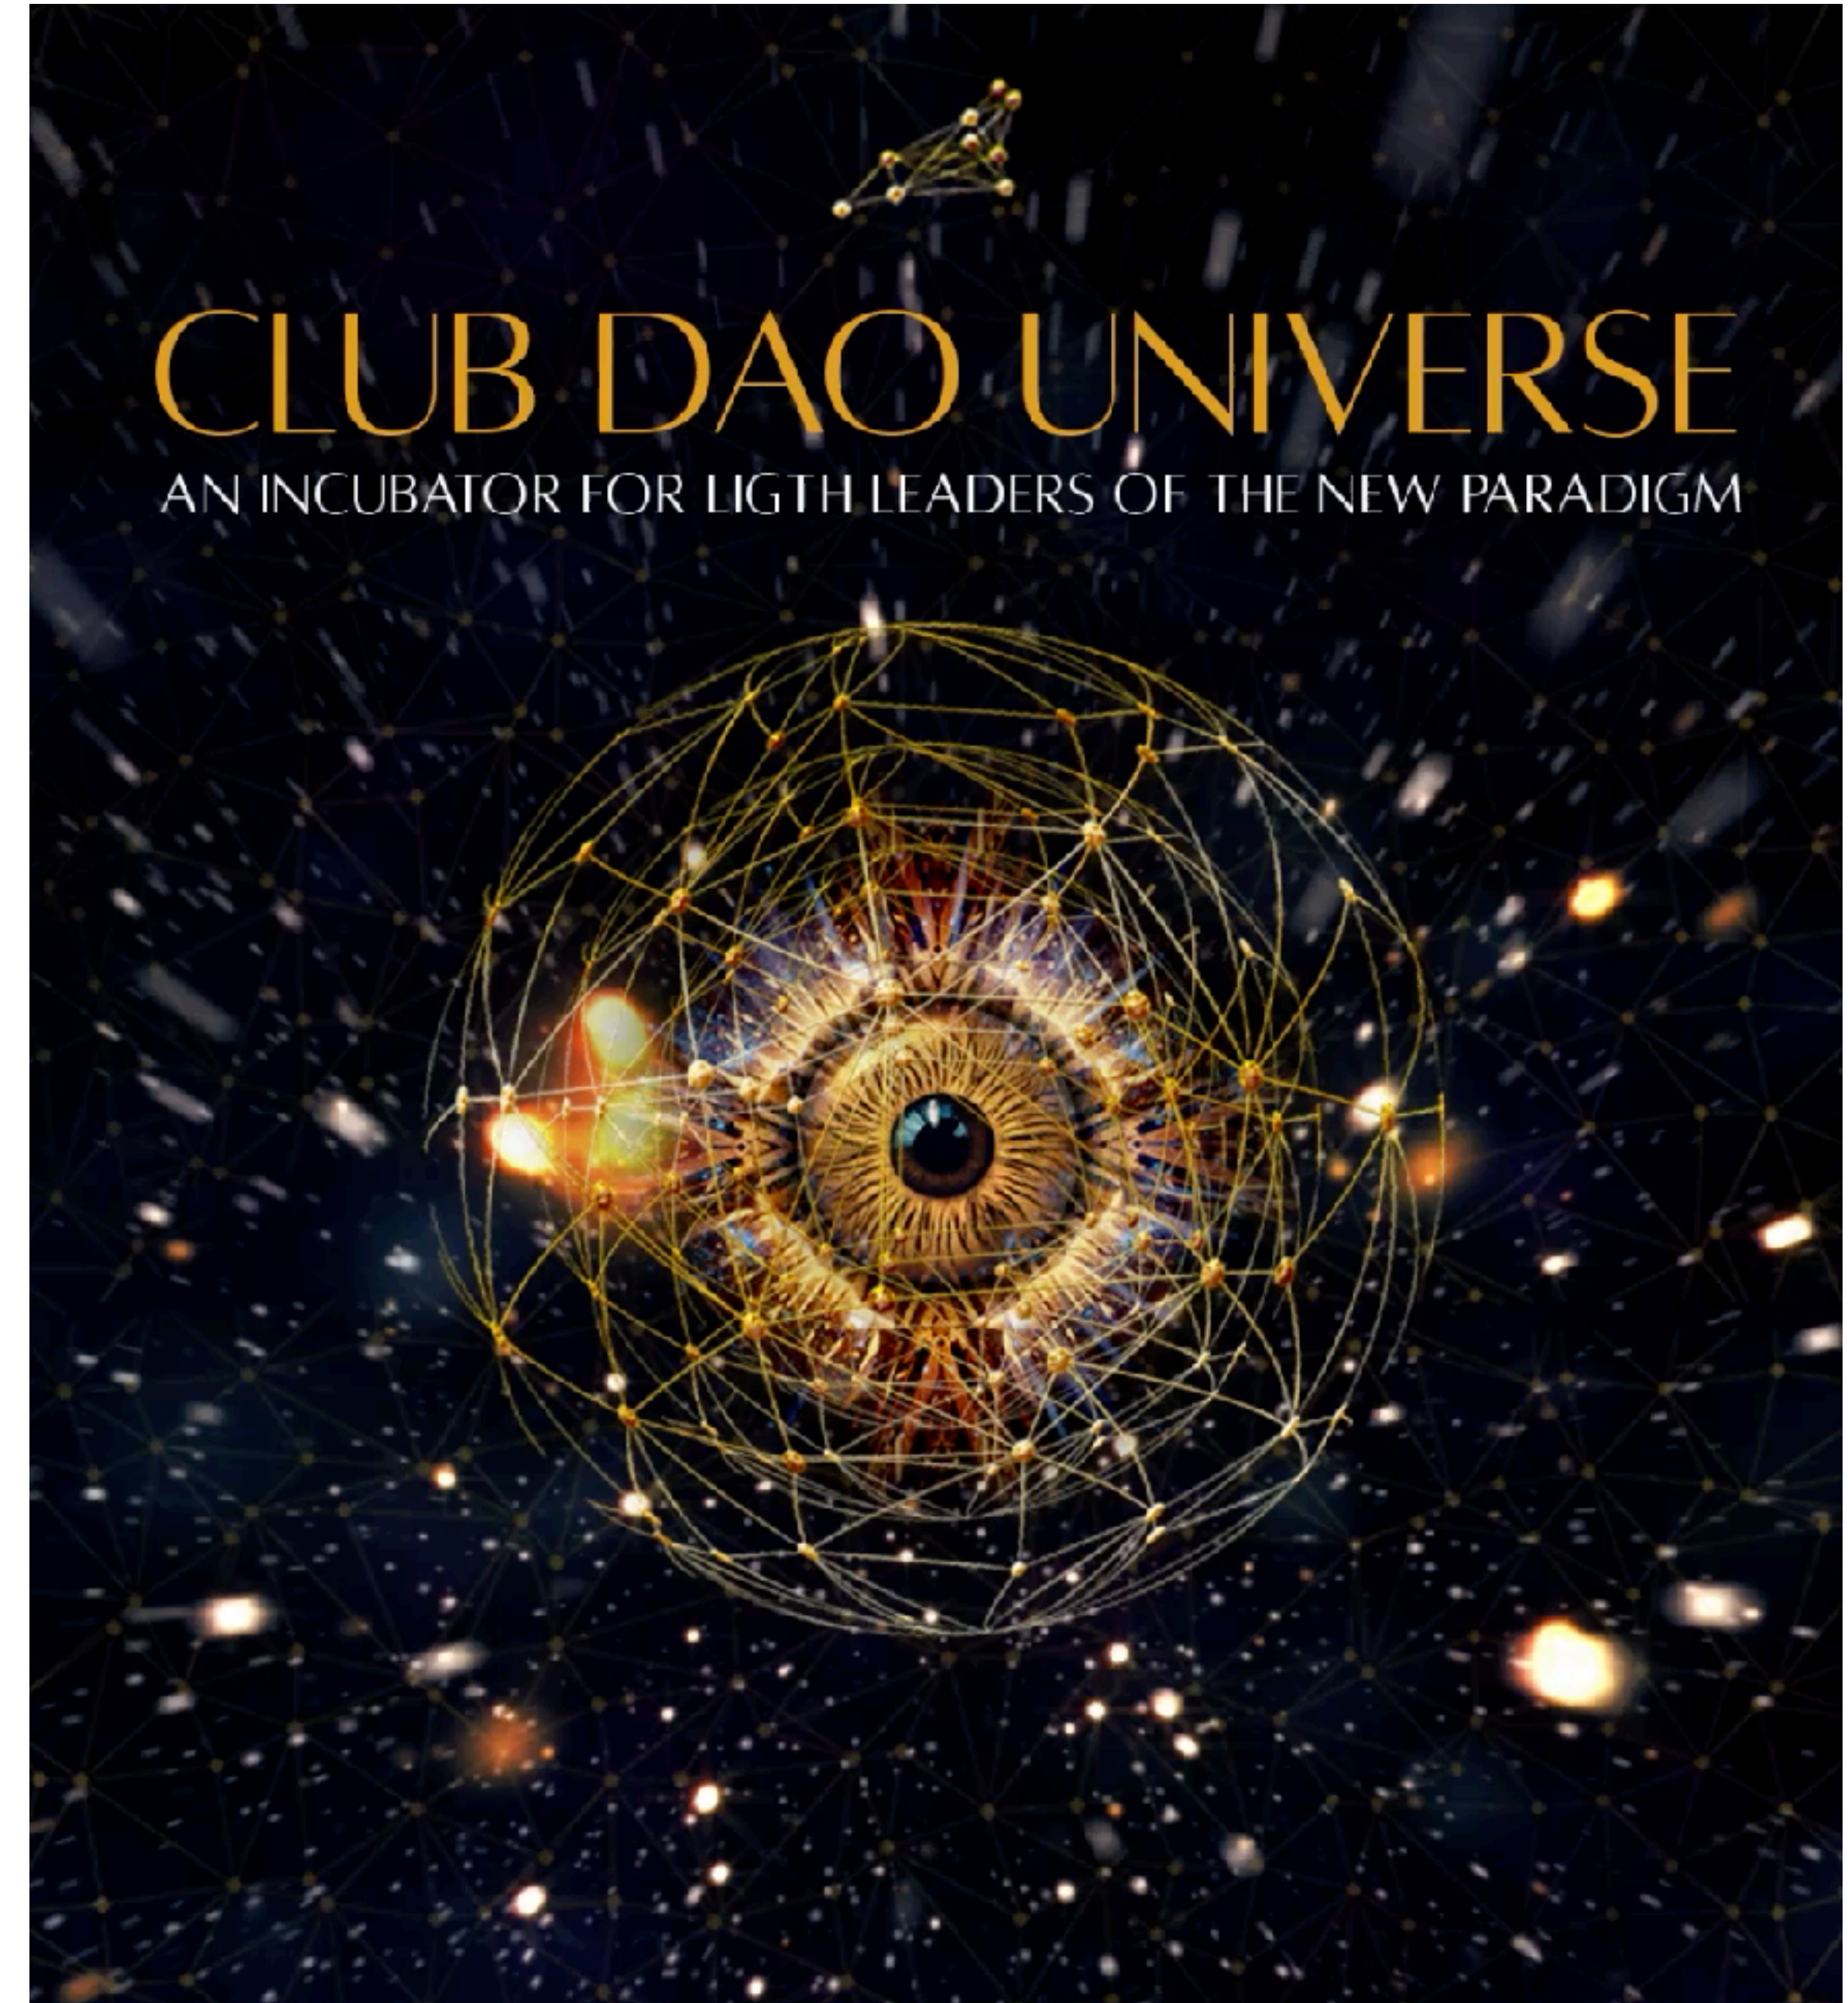

A CLUB is an association or organisation dedicated to a particular interest or activity.

The Tao (or DAO) is the absolute principle underlying the universe, combining within itself the principles of yin and yang and signifying the way, or code of behaviour, that is in harmony with natural order.

A DAO (aka 'Decentralized Autonomous organisation') is also a fraud-resistant, transparent, and programmable organization enabling people around the globe to create new types of organisations that serve a purpose and values.

The UNIVERSE is all existing matter and space considered as a whole; the cosmos. It is also the name of an international spiritual ministry; a conscious and regenerative global community established for furthering the upliftment, enlightenment, spiritual realisation and general welfare of people throughout the world.

Dao Universe is a Club of pioneers, entrepreneurs, artists and creatives that create DAO's with The Universe.
